

# My Stormwater Scavenger Hunt

You know where rain comes from, but when it reaches your home, do you know where it goes? Let's take a look outside and see if you can find common places where rainwater falls and makes its way to the Rivanna River.

*Hint:* This game is best when it is raining!

Once completed, send a picture of your sheet to [info@rivanna-stormwater.org](mailto:info@rivanna-stormwater.org) to receive a prize!
